

## ORBIT! ONLINE MARY'S STORY - ADVENTURES IN THE INTERNET

Ava was taking her dog Max for a walk one day. She turned away to go on her phone and when she turned back she saw the end of Max's tail as he ran away! Ava decides to run after Max. Grace was also taking her cat Lily for a walk and she looked at her phone for a few seconds, turned back and Lily was running away! Grace goes to catch after Lily.

Meanwhile while Ava is catching Max she stops after being puffed out. She stops at a tree and sits down, and then falls asleep. Grace can't find Lily and she's feeling sad so she decides to go home and continue looking for Lily the next day. She goes to bed and goes to sleep.

Ava and Grace wake up and they see a bunch of squares and everything is all glitchy. They realise they are not alone and they both scream "AAAAAAHHH!" "Who are you?" says Ava. "I, I uh I can't remember" said Grace. They don't realise that they are both stuck in their phones and they decide to go look for some answers.

They walk into Tik Tok and they see people dancing to Renegade. They are confused but they keep on walking around. Ava recognises a famous Tik Toker and it starts to make sense to her what is happening. They decided to keep on walking.

All of a sudden Ava sees a Tik Tok of her and Max. She tells Grace that she recognises it and they try to stop it from scrolling down. They put their hands out to stop it and they pause it as well. They can't do anything so they walk out and into Instagram and they see a photo of them all – Grace, Lily, Ava and Max. Then they see another photo of Ava's brother and another one of Grace's mum.

While looking at the pictures, Grace trips on her shoelace and falls. And then they both wake up and it was all just a dream. Lily is with Grace and Max is with Ava and both their phones were left on with Tik Tok and Instagram open.
