

## Pets

### Purpose

This policy explains what Bridge Housing considers is a companion pet and sets out the conditions under which we will usually grant written permission for a tenant to keep a pet in their home.

### Scope

This policy applies to all tenants of Bridge Housing (we, our, us).

### Policy overview

We recognise that pets can enrich the lives of their owners. We understand that refusal to keep a pet may cause distress to tenants and will follow the policy set out below when granting permission to keep a pet. This is why we have developed a fair, consistent and transparent process for granting permission to keep a pet.

In line with the [Companion Animals Act 1998](#), we consider a household pet to be a companion animal that helps relieve stress, provide psychological support or serve a more active role such as a guide or assistance dog.

Given the variety of household pets and the range of properties and tenures that we offer, we will individually consider each application to keep a pet on its merits. We will take into account any legal or regulatory requirements, the type of property and tenure, the size and type of pet and the potential for any damage to the property or interference with neighbours.

As a responsible landlord, we will usually grant approval for a tenant to keep a small household pet in their home if the following conditions are met:

- Dogs and cats are registered and microchipped to fully comply with the *Companion Animals Act 1998* and [Companion Animals Regulation 2008](#)
- The approved pet complies with what we have identified as a household pet
- The approved pet complies with any licencing requirements and any relevant local council regulations or other legislation that restricts the keeping of certain types of animals
- The property is suitable for the pet and the tenant has been given approval to keep a pet in the property
- The pet is unlikely to interfere with the reasonable peace, comfort and privacy of neighbours in accordance with the [Residential Tenancies Act 2010](#)

The tenant will be required to complete and agree to a pet contract that sets out their responsibilities as a pet owner in one of our properties.

## Household pets

We consider a household pet to be a small pet such as a dog, cat, caged bird/s, fish in a small tank, or a small mammal like a rabbit or guinea pig. If the pet falls into this category, then as long as the other conditions outlined in this policy are met, we will usually grant permission to keep this type of pet.

We will generally only approve a maximum of two pets in a property.

We do not consider poultry (chickens and other fowl), livestock or exotic animals to be a household pet. Therefore, tenants are not permitted to keep these types of animals in its properties.

All cats and dogs approved as pets in our properties must be micro chipped and registered on the NSW Companion Animals Register with the local council. Further details on this requirement can be found at [www.petregistry.nsw.gov.au](http://www.petregistry.nsw.gov.au).

Restricted and dangerous dogs as defined by the *Companion Animals Act 1998* and local councils are not permitted by us.

We do not encourage the ownership of reptiles and insects due to the specialised nature of their care and living conditions. Tenants approved to keep such animals must have, where applicable, the required licence. They must also demonstrate that they have adequate knowledge to meet the care and welfare needs of the animal, including the provision of a suitable environment.

Failure to comply with this policy will result in us taking action. This can range from working with the tenant to resolve any problems caused by pet ownership, withdrawing permission to keep a pet or seeking an order from the NSW Civil and Administrative Tribunal (NCAT) if there has been a breach of the Residential Tenancy Agreement.

## Properties and pets

We manage a range of properties and not all of these are suitable for pet ownership. We will make each assessment based on the type of pet, the type of property, and any strata or by laws that may restrict the keeping of pets.

Where a tenant receives approval to keep a pet, it is with the understanding that this approval is for the current property. If the tenant moves to another of our properties, they will need to seek re-approval as not all of our properties are suitable for pet ownership.

All tenants approved for keeping a pet will complete a pet contract. Pet owners are required to pay for the cost of any property damage caused by their pet and for carpet cleaning and, where necessary, fumigation at the end of the tenancy.

## Appeals and Review of Decision

Tenants can appeal decisions made under this policy.

If a tenant is not satisfied with a service we have provided or does not agree with a decision we have made, they can ask for a formal review. Our [Compliments, Complaints and Appeals Policy](#) outlines the many ways for tenants to make an appeal. This policy, and a helpful information brochure, is available from our office or they can be downloaded from our website [www.bridgehousing.org.au](http://www.bridgehousing.org.au).

If a tenant is unhappy with the outcome of the appeal, they can lodge a second level appeal with the Housing Appeals Committee. The Housing Appeals Committee is an independent agency that reviews certain decisions made by staff of Community Housing organisations and Housing NSW. For information on the Housing Appeals Committee call 1800 629 794 or go to [www.hac.nsw.gov.au](http://www.hac.nsw.gov.au).
